

Balance is important to me. Living a healthy lifestyle, spending time with my wife, daughter and two young sons and taking time to be grateful are part of my daily routine. I believe that a healthy smile is part of the overall picture of a healthy body.

MICHAEL K. KIRK, D.D.S.

I have some simple but important dental philosophies. Start on time, end on time, treat every individual with utmost respect and honesty, and never hurt anyone. These are my “golden rules”.

Dentistry is a wonderful profession because we get to see our patients at least twice annually which has allowed me to build great personal relationships. Our patients become our friends.

JANICE RALLS HENRY, D.D.S.

I am a continuing education addict, acquiring over 300 hours in the past few years. I love learning new techniques to allow my patients more treatment options to meet their needs.

My personal goal with every patient is to have a positive experience at the dentist. I hope that over time, they will enjoy coming to the dentist. Having a painless visit is a great place to start.
