Enjoy commercial free music, original shows, the latest sports and news on over 170 channels in your personal headphones.

Bring your own music or choose from our selection of rock, pop, country or instrumental. Our selection of cd's is located in the reception area.

Whether you are tired from traveling, clouded by computers, congested from sinuses or tightened up by tension, this eye mask can help you feel more refreshed.

Our electronic chair massagers put you in control. You can adjust the temperature and speed of the back massage. Every treatment room is equipped with a relaxing back massager.

This organic neck pillow covered in comfortable fabric fits perfectly around your neck and readily adjusts to your comfort needs. This hits the spot during every appointment. Best of all, it is already on your chair waiting for you.

The eye pillow is designed to soothe away stress and tension. Filled with organic flax seed to provide a gentle weight and a calming blend of essential oil of herbs to ease your mind.

A good old fashioned, comfortable "blankie." Wrap this around you and feel protected. You may get relaxed enough to take a nap while you are in our office today.

Breathe away your anxieties with our lightly scented analgesia treatment. Float through your appointment and yet be 100% clear minded for the rest of the day.

Infuse your body with life giving oxygen. Breathe the right mix of oxygen to clear your head and oxygenate your body.

The perfect adjunct to the take home whitening procedure. Be pampered for 45 minutes with any or all of the above as your teeth magically whiten before your eyes. Also great as a quick boost before special events in your life. This appearance improving treatment makes a great gift for someone special in your life.

Note: Depending on our schedule, dental whitening may require another appointment. All other services can be experienced today.
